

Infant Toddler Zone Fall Series

Infant Toddler Zone: Building Relationships with Infants & Toddlers

Nurturing relationships are critical to the healthy development of infants and toddlers, and are essential to adult wellness. The focus of this training is on the components of important relationships that sustain us throughout our lives, and how we can build them with young children. Join us as we look into the process of developing relationships with infants, toddlers and each other as their caregivers and educators.

Register Here: bit.ly/4hqMuUI

Tuesday, August 25
6:30-8:30 pm
2 Credit Hours | \$12.00

Infant Toddler Zone: Healthy Behaviors

Young children are learning how to function in the world around other children and adults. Learning how to support Infant and Toddler's social and emotional development is a critical part of caring for this age group. This session will give you a basic overview of child and brain development as it relates to behaviors. Participants will also explore strategies for self-care and how to encourage healthy behaviors.

Wednesday, September 17
6:30-8:30 pm
2 Credit Hours | \$12.00

Infant Toddler Zone: Applying NCFELD to Infant-Toddler Planning

Through observation of high quality learning experiences you will have opportunities to reflect on why using NC FELD is essential for every child in your care. During this course we will introduce and review the origin and purpose of the North Carolina Foundations for Early Learning and Development resource. As participants take a hands-on approach to gaining knowledge of developmental skills for infants and toddlers, we will discuss strategies related to developing specific school readiness skills.
